

Advising Founders on Growth, Liquidity & Wealth

Acrexis Hosts Highly Successful Summit

Houston, Texas. – April 4, 2017 –

Acrexis, the global Founder Advisory firm, hosted a Founder Summit on April 4th in Houston. These events are attended by Acrexis Founder clients and prospects, and Acrexis ecosystem partners including lenders, investors as well as legal, executive search and corporate buyers.

“I’ve come to appreciate the importance of these events”, says Bill Weathersby an Acrexis Founding Partner. “Our goal is to ensure that everyone who attends comes away with both a better understanding of the support Acrexis provides to Founders, and of course several new contacts. I know for sure the lenders and investors who attended are working on specific opportunities.

I’d like to thank our client FireDisc (www.firedisc.com) for preparing dinner for the entire group, it was a big hit! Come back to our website as we begin to announce their success.

Check out www.acresis.com for future events in USA and Europe.
